Safety, Utility and Beauty. New England Trace Coupling Company. State Rights for Sale. WE are now exhibiting this desirable invention to the public. The Patent Trace Coupling is an ar-

ticle which needs only to be seen to be appr and universally adopted. By this Coupling the Trace is attached to the whiffl-tree industaneously, without saling the hands—cannot be disconnected by accident is stronger and more durable than any other attachment now in use, and makes what is so desirable in a fine carriage, an excellent finish.

The Couplings are manufactured of different materi-its, from the common finish to the finest silver plate, and can be supplied at a lower cost than anything that is now used for that purpose, leaving a margin for an im-mense profit. Any person with a moderate capital can ealize a fortune in its sale. We are prepared to furnish the Couplings, of the different grades and cosis, in quantities as desired, to those only who purchase State rights. The Couplings may be seen at the office of the Comany, where a scale of prices may be obtained, and il communications must be addressed to "THE NEW ENGLAND TRACE COUPLING COMPANY," BASEMENT

THE CRYSTAL OIL LAMP. For Burning the Crystal Oil, Combining Economy and Safety. Patent Rights for States and Counties for Sale.

NO. 3 OLD STATE HOUSE, BOSTON.

This important invention for producing the cheapest light in the world is now perfected and offered to e public. Numberless other attempts have been ade to produce a cheanlight, but were attended with ach inherent objections as to destroy their utility and togtion. But the Crystal Oil Lamp, while it is the cheapest, is both safe and agreeable in every position, making a clear, while and brilliant dames entirely free from smale or edor. There is no danger from explo-sion, but is perfectly safe under all circumstances. The oil can be used in any place without fear of soiling the nicest carmonts. The lamps are simply arranged and perfectly controlable by the children and domestics, and so constructed that the light can be varied in a moment from that of one to eighteen or twenty ordi-nary lamps. While it is free from the disagreeable smell arising from the Kerosene and the danger at-tending the use of the burning fluid, it is found upon scientific comparison to produce
